HARO 4000 TOP CONNECT

Haro 4000 is the flagship of the Haro range and from our UK stock we offer a selection of oak product with a deliberate vibrancy.

Our styles provide variegated colour and grain with selected knots for a natural, rustic look. The figuring of the natural oak grain is accentuated in the longer length of each 2200 x 180mm long Haro plank.

Haro 4000 is engineered with a 3.5mm oak wear layer with spruce core and balancer for ultimate performance and steadfastness.

Equipped with leading Top Connect installation system, Haro is installed in the same way as a laminate floor saving you time and money and is the perfect natural timber product for under floor heating systems.

ENGINEERED WOOD FLOORING

Oak Polar White (Toscana Plank)

Ref: 50524611

**TOSCANA
3000 DROP CONNECT**

Haro Toscana is a more compact style with a Mediterranean flair and is particularly functional in smaller rooms.

Our grade of oak is Haro "Markant" styling, which offers subtle grain variation with selected smaller knots for a natural appeal.

Haro Toscana is surfaced with a 2.5mm precious wood layer with HDF core and spruce balancer and comes with Haro Drop Connect installation system; this facilitates fast installation when paired up with Toscana's easy to handle 1.0m format.
