Black Granite (Radiance) worksurface and splashback

Ice (Radiance) worksurface

**ABSOLUTELY RADIANT**

Radiance is a brand new texture combining a gently undulating surface with a subtle gloss element. The softly shimmering surface entices the eye and is appealing to touch.

It works beautifully on our plain colour palette of Black, White, Ice and Espresso, refracting the light to give the worksurface wonderful depth and clarity.

Monochromatic elegance at its very best.
