BUSINESS & CONSUMER DELIVERIES

Business Deliveries

Deliveries to your delivery address are free (coverage allowing).

Please ensure you have staff ready to receive your delivery on the allocated day; or inform us of changes to your circumstances prior to delivery. The consequences of not being able to offload bulk components can severely impair our schedule often incurring cost and damage. We require one person to assist in the unloading of goods and in the case of solid surface worktops, two people are required due to the additional weight.

Consumer and Site Deliveries

Plasman specialise in deliveries to consumer and site locations on behalf of our trade clients.

Please ensure the location is accessible for a large vehicle and personnel are available to assist in unloading on the allotted delivery day. Deliveries are available to kerbside only and in the case of solid surfaces two people must be available on site to assist in unloading due to the additional weight.

Delivery charges apply, please contact our sales office for further details.

UPON COMPLETION PLEASE RETURN FORM TO accounts@plasman.co.uk

YOU CAN ALSO RETURN VIA FAX 0161 257 2033 POST TO HEAD OFFICE 'FAO: ACCOUNTS DEPT.'
